Boy was the new Club Ra ever buzzing last night. It truly was one of the hottest places to be last evening when Diana Fox performed live to a full night club of guests.

Tony Monaco and Robby I both from z103.5 did an excellent job on warming up the party floor till 1 am when Diana Fox came on stage. She was absolutely sensational, Fox sang a number of her hits which have quickly been climbing to the top the Euro-style world-wide charts.

Fox in an exclusive JP interview explained her dream as a little girl has always been to entertain people all over the world, with her special God given voice. She especially dreamed to one day be lucky enough to have the opportunity to perform in North America. Well after 28 years, the beautiful upcoming superstar, Diana Fox, will see her dreams comes true, as it did last night at Club Ra in Toronto, Canada.

Diana indicated she loves Canada very much and would like to do more shows here. Fox also went on to say, she also performed a small tour in Tampa Bay, Florida which she especially enjoyed the warm weather and beautiful beaches that surround Florida.

The new Club Ra on Friday, November 23, 2001 had erupted as singing sensation Diana Fox performed live.

Club Ra was packed with a full house of people of all ages.

Hundreds and hundreds of people came out to see the upcoming superstar singing sensation, the dream queen of Euro-style music Diana Fox and also to check out one of the most unique and exclusive night clubs in the world, Club Ra.

On November 23, 2001 the sexy looking German dream girl Diana Fox displayed her amazing magic on Club Ra's big 20 by 20 foot square stage.

The dream girl's voice was right on key and didn't miss a beat. Her dance moves and style along with her stage chit chat was extremely entertaining. Fox certainly captured the attention of everyone in the club, especially hearing her fabulous voice being pumped through 25000 electrifying watts of high quality sound which provided an unbelievable sound equally distributed throughout the large, mega Club Ra.

Although Fox performed live for 38 minutes she spent all evening long autographing pictures for the thousands of fans who came out to see her.

Alex Shtein, general manager and man behind the operation of the new Club Ra indicated most of the decor was hand worked and brought over from Egypt.

He also explained Club Ra's sound system puts out 25000 watts of solid sound. The club can comfortably entertain 1495 people.

Club Ra also has 4 very large bars conveniently located throughout the club with a special V.I.P balcony section upstairs looking down to the dance floor facing the main stage with an additional bar section which accommodates 100 more people as well as, a number of exclusive side lounges tastefully spread throughout the club to accommodate another 150 guest.

Club Ra spared no expenses in opening the club, especially with their sound system. The sound system was absolutely earth quaking, it made the building tremble and shake till 3 am, when the club shut down, what an experience the sound gave off.

The club is surrounded by 8, 4 by 6 jvl jumbo size speakers pumping out 25000 heavy duty solid watts. Not to mention a light system second to none in the industry. The club comes equipped with a full colour elaborate light system. 16 Mac 500 watts of lights supported by another 4 250' watts of lights with a number of exhilarating lights all hand controlled by the D.J's booth which looks down onto the dance floor. Over \$3000000 has already been invested into the grand opening of the new Club Ra which took place on September 29, 2001, explained Alex Shtein Club Ra general manager.

He further explained our drinks are also reasonably price, we have a staff of 40 people to serve the guests as well as, the ladies get in for free and there is only a \$10 charge for the guys.

The new Club Ra, like other popular clubs in the city, are only open Fridays and Saturdays from 10 pm to 3 am.
