The Euro freestyle invasion hits the Docks

presented by
Z103.5 and Ti amo Records

Some of the world's best Euro acts performed live last night at the Docks on Friday, November 09, 2001.

The docks dance club was packed with over 3000 Euro screaming fans waiting in line for the doors to open. 3000 fans came out to dance to the music of such upcoming stars as Elissa, Johnny O and of course the headliner, live in from Belgium, the beautiful and sexy looking Sylver.

Sylver was absolutely fabulous, she performed for more than 26 minutes and the whole time through moved around the stage as if she owned it, which she did! The beautiful and sweet looking pop star from Belgium was sensational. In a back stage interview, she later indicated she hopes to be back, she explained next to her own country she really loves performing in Canada, her next stop was for a 2 night show in Montreal before flying back home to Belgium. A lot of fans interviewed that night at the Docks compared Sylver to Madonna.

The night was magical and the Docks had it all. The sound, the party atmosphere, a sold out event, a fabulous group of guests in the club, the hottest dance station in the city hosting the special Euro event, limousines throughout the Docks parking lot, along with a dozen of the finest men and women in blue standing out front making sure the night went well. With over 3000 fans in the club we are pleased to report the evening was a tremendous success.

The night began at 7:30 pm and concluded around 3 pm.

After a long night as Sylver had, the beautiful and sexy looking lady was scheduled to meet more fans as she was at HMV records signing autographs on Saturday, November 10, 2001.

Transportation for Sylver was provided by A Celebrity Limousine Services.
 Sponsored by Robby I Productions. The celebrity extras.com and JP Public Relations Inc.
 Radio station Z103.5 along with on air celebrities, Tony Monaco and the Hammer, both did an excellent job behind the music booth.
